

ANIL DAVIS

Web / UI / UX Designer

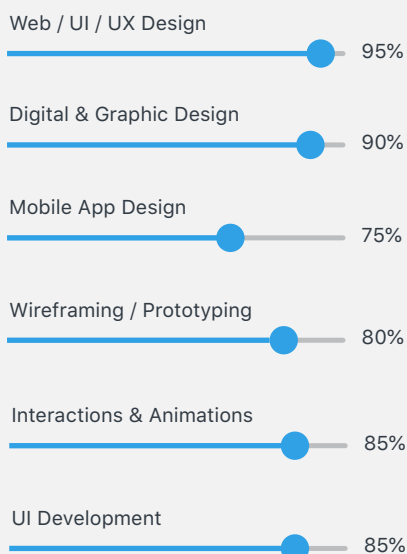

M: 0568483021 E: anil.davis88@gmail.com

About Me

I am Anil Davis, a creative Web / UI / UX Designer passionate about designing digital experiences that leave a positive impact on people, environment and the society. I am a native of India, and have a good background in the field of designing.

With over 8 years of experience, I create high-quality websites, mobile apps, landing pages, HTML 5 banners, social media ads etc with focus on presenting the client business and services properly.

Area of Expertise

Work Experience

UI / UX Designer

Techcarrot FZ LLC, Dubai, UAE (At present - Temporary)

- Developing UI mockups, prototypes, wireframes and designs especially for the mobile apps and websites.
- Work with product team on requirements and specifications and participating in research and come up with ideas to develop user experience and user interface.
- Support the backend developers to fix the HTML, CSS and other responsive related issues.

UI & Graphic Designer

Property Finder, Dubai, UAE (2018 - 2020)

- Collaborate with the marketing team to design the key visuals & communication assets including landing pages, social media banners & email ad designs for the lead generation campaigns aligned with the company brand guidelines & values.
- Work with website and brand team to create beautiful, clean user interfaces while maintaining brand consistency and support them in HTML & CSS work when needed.
- Responsible for accomplishing and maintaining the quality of work throughout all phases of the project from the initial briefing to completion.

Web & UI Designer

Cactimedia, Dubai, UAE (2016 - 2018)

- Responsible for web layout designing, wireframing, prototyping, UI development (HTML5, CSS3, SASS, JQuery & Bootstrap) and other digital media designs.
- Ensuring website function and stability across different devices i.e. desktop, mobile and tablet.
- Work closely with the Back-end developers for delivering assets and design specifications and ensure accurate design and front-end implementation.

Web & Graphic Designer

Interac Oman, Muscat, Oman (2012 - 2016)

- Executing all website designs, graphic design and other design related works from concept to final hand-off which includes the front end development.
- Attending meetings to plan and develop site content, style and appearance and delivering design projects ranging from mid to high-end websites.
